

# ARGENTARIO BOAT TOUR

Set sail for an unforgettable experience along the wild and magnetic coast of the Argentario, a place where time seems to slow down and every cliff tells a story shaped by wind and sea.

Among breathtaking rocky walls and coves accessible only by sea, a secret world awaits you—made of silence, light, and crystal-clear water.

Let yourself be embraced by the turquoise tones of Cala Grande, the poetry of Cala del Gesso, the serenity of Acqua Dolce, the vibrant colors of Isola Rossa, and the mystical atmosphere of Cala del Purgatorio. These are true corners of paradise, perfect for those seeking pure beauty and unspoiled nature.

During the tour, you can dive into transparent waters, swim through hidden caves, and be amazed by views that only a few are lucky enough to witness.

And for lunch, enjoy a special break: a pleasant stop on the Island of Giglio, where you can savor the island’s unique atmosphere, surrounded by Mediterranean scents and breathtaking panoramas. The skipper will be at your disposal to recommend the best local restaurants. After lunch, you’ll continue your navigation, returning in the afternoon.

Live an exclusive experience that will stay in your heart—Argentario awaits to gift you emotions you’ll carry with you forever.
