

To complete the experience of your stay in the villa and fully embrace the authentic soul of Italy, nothing is better than a Range Rover Sport HSE 3.0d—a powerful 4x4 designed to tackle scenic roads and hidden trails with equal elegance.

A true queen of comfort and performance, this vehicle offers a refined and quiet cabin, perfect for long journeys through medieval villages, vineyards, and sunny coastlines.

Its intelligent all-wheel drive and adjustable suspension height allow you to handle dirt tracks, white roads, and panoramic paths with ease—routes that represent the true essence of Italy and are often inaccessible to conventional cars - all with the comfort of five seats and an automatic transmission.

Thanks to its smooth and responsive engine, every journey becomes a pleasure: stable handling, impeccable comfort, and driver-assistance systems—from hill descent control to dedicated off-road modes—let you explore unspoiled nature in total safety.

Perfect for discovering hidden corners, reaching lakes, nature reserves, secret wineries, or enjoying a day at the seaside, this Range Rover allows you to “venture off the beaten path” and admire views that few have the chance to experience.

THE PRICE INCLUDES

Car rental for the duration of your stay; delivery and collection directly at the villa; 80 km per day and a second driver included.

THE PRICE DOESN'T INCLUDE

Security deposit of €2,000 to be charged to a credit card (handled directly by the rental company); extra kilometers: €1 per km, payable upon return; delivery and collection at a location other than the villa, quoted separately.

Anything not expressly listed under “The price includes.”

IMPORTANT

The vehicle rental is considered confirmed only upon submission of the required documents, the security deposit, and a valid credit card to the rental company. The minimum driver age is 25 years.

Upon request, it is also possible to arrange a private chauffeur-driven transfer both for arrival at the villa and for departure.
