

WINE AND OIL TASTING IN MONTEPULCIANO

Discover an authentic experience in the heart of Tuscany, in Montepulciano, where tradition, passion, and terroir come together to offer an unforgettable sensory journey.

The tour begins with a fascinating introduction to the history of the renowned *Vino Nobile di Montepulciano*, one of Italy's finest wine excellences. You will then continue through the vineyards, immersed in a charming landscape, where you will explore the fundamental role of soil and terroir in the quality of the wines. The visit proceeds inside the winery, the beating heart of production, where you will have the opportunity to observe winemaking methods and the barrels used for ageing the *Vino Nobile*. A special moment is dedicated to the *Vinsantaia*, the traditional space where the precious *Vin Santo* is produced.

The experience culminates in the tasting room overlooking the vineyards, where you will be guided through an exclusive wine tasting: six wines selected to share their passion and philosophy. As an exclusive highlight, you will have the privilege of tasting the prestigious *Vino Nobile Special Edition "Artist Label" 2023* vintage, called "*Girasoli*," a unique expression of the territory.

To complete the experience, a brief yet intense focus on extra virgin olive oil, featuring a tasting of two excellences: a classic Tuscan blend made from *Leccino*, *Frantoio*, and *Moraiolo*, with a delicate and harmonious flavour, and a monocultivar "*Frantoio*" from centuries-old olive trees, characterised by a more intense and spicy profile.

A complete experience of flavours, aromas, and tradition, designed for those who wish to truly experience the soul of Tuscany.
