

ITINERANT COOKING CLASS

A truly immersive culinary experience that begins beyond the kitchen. The itinerant cooking class starts with a visit to a local market near the villa, where guests will have the opportunity to discover regional ingredients, meet local producers and learn more about seasonal products.

Guests may also choose to purchase selected ingredients, which will then be used during the cooking class itself. The experience continues with a hands-on cooking lesson, creating a direct connection between the territory, the ingredients and the final dishes.

A complete and authentic experience designed for those who wish to experience Italian cuisine from a unique perspective — from the market to the table.
