

RAVENNA: CRAFT MOSAICS LABORATORY

Discover the timeless art of mosaic in the heart of Ravenna with a private experience that takes you deep into a millennia-old tradition that has made this city world-famous. An authentic activity designed for those who wish to fully immerse themselves in local craftsmanship.

Guided by master mosaic artists, you will enter a real artisan workshop and learn the traditional techniques that have been used for centuries in this iconic city of mosaic art. During the experience, you will work with high-quality materials such as marble and glass paste, using traditional tools of the trade: hammer, cutter, tweezers, and pliers.

To ensure complete comfort and safety, all necessary protective equipment and guidance will be provided. At the end of the workshop, you will create your own personal 10x10 cm mosaic—a unique keepsake to take home.

An ideal experience for couples, families, or small groups, combining creativity, culture, and craftsmanship in one of Italy's most iconic destinations.
