

# ORVIETO TOUR & POTTERY CLASS

Visit Orvieto, a city suspended on a tufa cliff, where history, art, and artisanal traditions blend into a truly unique atmosphere. With your private guide, you will discover the true essence of this magical place. Walking through medieval alleys and enjoying panoramic views, you will experience Orvieto in an authentic way that goes far beyond a simple cultural visit.

At the end of the tour, you will reach a local ceramic artist for an exclusive ceramics workshop, designed for beginners and enthusiasts alike and held in a creative and relaxed setting. You may choose to model the clay directly with your hands or with simple manual tools to create a unique piece of your own, or you may decide to decorate and paint a pre-made ceramic object, giving it your personal touch. In both cases, you will learn traditional techniques handed down through generations of master ceramic artisans. The ceramic artist speaks English, ensuring a smooth and engaging experience.

To conclude the experience, an aperitif with wine and snacks will be served, offering a pleasant moment of conviviality.
