

PERFUME WORKSHOP - CREATE YOUR OWN PERSONALIZED FRAGRANCE

Let yourself be guided on an exclusive sensory journey into the world of fine perfumery, discovering the art of creating unique fragrances under the expert guidance of a Master Perfumer.
Through this creative and immersive experience, you will have the opportunity to explore the finest raw materials, discover precious essences and high-quality essential oils, and learn the techniques used in perfume composition. Following an introduction to the history and secrets of perfumery, you will move on to the hands-on workshop, where you can freely experiment with different fragrance combinations, learning how to balance and harmonise individual notes to create a scent that reflects your personality and personal taste.
Guided step by step by the Master Perfumer and using professional tools, you will create your own exclusive perfume. Your fragrance will then be presented in an elegant 100 ml bottle, enhanced with a refined Carrara marble cap and personalised with your chosen name.
