

FLORENCE HILLS BIKE TOUR DISCOVER BY BIKE THE SECRETS OF FIESOLE VILLA DEMIDOFF AND ITS GIANT COLOSSO DELL'APPENNINO

Embark for an unforgettable guided e-bike tour in which you'll explore the stunning Florentine countryside, through Fiesole's iconic cypress-lined roads, olive groves, vineyards, and sweet Tuscan hills.

Your journey will take you to one of Europe's most renowned historical parks, Villa Demidoff, located just outside Florence.

Discover the Italian garden built by the famous Mannerist architect Bernardo Buontalenti for Francesco I de' Medici and his beloved Bianca Cappello. Admire its artificial grottoes, intricate water features, and the remarkable transformation the park underwent in 1818 when it was redesigned in an English, romantic style under the Lorena family, all while guided by a professional tour guide.

Prepare yourself to be amazed by one of the park's most famous landmarks—the colossal "Giant of the Appennines," a stunning sculpture by the Flemish artist Giambologna.

This is your chance to experience the beauty and history of Florence's countryside in a way that's both active and immersive. Don't miss out on this unique opportunity to explore one of Tuscany's hidden gems, blending nature, art, and history in an unforgettable e-bike adventure.
