

RAMUSA TENUTA FICUZZA

Ramusa is born from Pinot Noir vineyards cultivated on hillsides at 700 meters above sea level, a delicate grape variety which, thanks to the strong temperature fluctuations of Tenuta Ficuzza, develops complex and elegant aromas and a uniquely distinctive character.

The harvest, carried out manually in the first half of September, preserves the integrity of the grapes.

Cold maceration for 24 hours, followed by fermentation at a controlled temperature and six months of ageing on fine lees, gives the wine freshness, fragrance, and harmony.
