

## IN VILLA COOKING CLASS

Discover the Art of Italian Cuisine in the comfort of your villa. Embark on a unique gastronomic experience, a cooking lesson tailored to you and your taste and needs, in the quiet and privacy of your villa.

A local professional chef will guide you with patience and care through the preparation of four traditional dishes that you will choose freely: you may immerse yourself totally in the world of pasta and prepare all pasta dishes, or you may wish to learn rare traditional dishes, or maybe you will decide to follow the Italian tradition and select an appetizer, a pasta and a “secondo” a meat or fish based main dish and a dessert. The choice is in your hands.

With the chef's help, you'll learn the secrets of Italian cooking, using fresh, local ingredients and traditional and modern techniques.

After the class, you will set the table, inside or outside, and enjoy the dishes you prepared.
